

cloudinary

What is it

Image and video API

Motivation

- Upload image to be used in a client app in a simple manner
- popular

Dashboard

The screenshot displays the Cloudinary Dashboard interface. On the left is a navigation sidebar with the following items: 'Getting Started', 'Dashboard' (highlighted with a red box), 'Media Library', 'Media Explorer' (marked with a 'Beta' badge), 'Transformations' (with a dropdown arrow), and 'Reports' (with a dropdown arrow). At the bottom of the sidebar is a 'Navigation Feedback' link.

The main content area features a large blue banner with the text 'Welcome to your Cloudinary D...' and a sub-header 'Find all the information you need about your plan, usage, and how to get the most out of, or even impact, Cloudinary features.' A 'Hide banner' button is located in the bottom left of the banner. To the right of the banner is a 'Transformations' chart showing three data series: 'From' (874,658), 'To' (142,305), and 'Total' (1,016,963). The chart includes a line graph and a donut chart.

Below the banner is a section titled 'Product Environment Credentials'. It contains three credential fields, each with a red box around its icon and label: 'Cloud Name' (with a cloud icon), 'API Key' (with a key icon), and 'API Secret' (with a lock icon). The 'API Secret' field is currently masked with asterisks.

uploadPreset

setting->upload->upload preset->Add upload preset

Here take what is under 'Upload preset name' and change signing mode to unsigned and click save

The screenshot shows the 'Add upload preset' page in the Cloudinary dashboard. On the left is a sidebar menu with 'Upload' highlighted. The main content area has a red box around the 'Upload preset name' field, which contains the text 'xeromaye'. Below this, another red box highlights the 'Signing Mode' dropdown menu, which is currently set to 'Unsigned'. A red arrow points from the text 'change signing mode to unsigned' to this dropdown. A second red arrow points from the text 'click save' to the 'Save' button in the top right corner. The page also includes a 'Free Plan' button and an 'Upgrade p' button.

Upload preset name

xeromaye

The upload preset name must be unique in your account or sub-account. This value is passed as the 'upload_preset' parameter when calling the upload API.

Signing Mode: Unsigned

Set to 'Unsigned' to enable unsigned uploading to Cloudinary with this upload preset.

Folder

An optional prefix (folder path) that will be prepended to the Public ID. This can be useful for creating meaningful, SEO-friendly file paths for your delivery URLs. It can include alphanumeric characters, underscores, hyphens and forward slashes (/).

Pay attention to your current usage

The screenshot shows the Cloudinary console dashboard. The browser address bar displays the URL `https://console.cloudinary.com/console/c-36607b3aa100cad6a8fe54b9b8439`. The left sidebar contains navigation links: Programmable Media, Getting Started, Dashboard (highlighted), Media Library, Media Explorer (marked Beta), Transformations, and Reports. The main content area features a 'Plan Current Usage' section, which is highlighted with a red box. This section contains a 'Credit Usage For Last 30 Days' card, also highlighted with a red box. The card shows a usage of 0.13 out of 25 credits, with 0.52% used. A 'Credit details' link is present. To the right of the usage card is a 'Free' plan card with a star icon and an 'Upgrade Plan' button. At the bottom, the 'Usage Overview' section includes tabs for 'Last 7 days', 'Last 30 days' (selected), 'Last 3 months', and 'Last 12 months'.
