Code of conducts

- Always start here
- Code of conducts means how to behave in the community
- [code of conduct in next.js](#)

Contributing

- This is a file that give info of how to contribute to the project in terms of :
  - Add new feature
  - Add examples
  - Add code
  - Add tests for the feature
  - Add warning \ errors links
- contributing doc of next.js

Discussions

GitHub Discussions is a collaborative communication forum for the community around an open source or internal project.

This is [mine](#)

Issues

- Go here when you think yo have found a bug
- first search that the issue does not already exists
- Issue new subject only if it is not already exists

Report a security vulnerability
Please review our security policy for more details.

Bug Report
Report a bug using the Vercel support form

Feature Request
Share ideas for new features

Ask a Question
Ask the community for help

An isolated sample to reproduce the bug is very important

Discussions vs Issues

Issues are specific and actionable, while Discussions are open-ended.
